Favorites:

Chicken and Ancho Chili Sauce Wraps

Pasta (Home Made Sauce)

Suggestions: Newer daily options, Salads as a lunch. Square Hinge container for fries and chicken preferred to the 4lb window bags we all use.

Comments:

All Agreed with each other that the food quality is great this year, first week lacking condiments were due to shortages on deliveries all that was explained.

Auditorium Pizza is recently cold, all due to the use of 5lb food boats- (immediately switching back to using the hoagie hinge containers to package pizza, the lid keeps the pizza warm- triangle pizza slice boxes are no longer available to purchase)

Main issues stirring around seem to be small and easily fixed, or due to specific individual preferences. All Voices were heard, and suggestions have been taken and will be implemented right away.

The overall satisfaction IS being met, individuals with issues will be heard and helped as much as we can.

Note: All food is purchased in Fully Cooked State, warmed to 165f and above and kept hot and served within the hour of its being produced, there is NO Temperature Abuse being held that would lead to anyone getting sick.
